THE 11TH ISRAELI SYMPOSIUM ON JET ENGINES AND GAS TURBINES

Thursday, October 25, 2012 (9:00-17:00),

Butler Auditorium, Forchheimer Building, Neaman Institute (Building #260), Technion, Haifa

The 11th Israeli Symposium on Jet Engines and Gas Turbines will be held on Thursday, October 25, 2012 at the Butler Auditorium, Forchheimer Building, Neaman Institute (Building #260), Technion, Haifa

During the last few years there has been a considerable expansion of activities in Israel in jet propulsion. This is in addition to the serial production of small engines, increased electricity generation using gas turbines and combined cycles, production of various engines' spare parts and maintenance work and more. In Israel, many bodies are active in jet engines and gas turbine area, including: MAFAT (MoD), IAF, Israel Navy, EL-AL, IAI, Beit Shemesh Engines, RAFAEL, TAAS, ORMAT, Israel Electric Corporation, R-Jet & Becker Engineering, the Technion and more.

Improved engineering & technological innovations and new projects in Israel calls for continued professional meetings; for the exchange of information, for cross-pollination and for creating a fertile seedbed for cooperation. During the previous ten symposia, every time, about hundred scientists and propulsion engineers met and presented work from the various industries, the MoD and Academia. These symposia were a success, wetting the appetite for more such meetings.

The 11th symposium will include 17 presentations including 5 invited introductory lectures on selected subjects from large jet engine manufacturers & experts. This will also be a good opportunity for professional meetings, exchange of ideas and presentation of models and products from various companies.

For those who did not register yet, registration fee per person is 250 NIS and includes lunch and book of abstracts. Full time students (graduate and undergraduates) are granted with free symposium registration (but without the lunch...). Payment to the symposium should be sent in advance by check, payable to "Technion", addressed as listed below. In special cases, one can register on the day of the symposium. Companies who send several participants, and are interested in the discounted rates, are also required to regulate the payment ASAP.

All presentations will be published in full or, as a "censored" version after the conference on the conference website. In addition there will be opportunity to present/display promotional material. Please contact the undersigned for this purpose.

Looking forward to seeing you at the symposium,

Professor Yeshayahou Levy
Chairman of the symposium

REGISTRATION FORM

To: Professor Yeshayahu Levy

e-mail: levyy@aerodyne.technion.ac.il

Head of the Turbo and Jet Engine Laboratory

Faculty of Aerospace Engineering, Technion City, Haifa 32000, Israel

Tel: +972 4 8293807

Fax: +972 4 8121604

Mobile +972 547 355890

Name: Company: Address:

Phone: Mobile: Fax:

e-mail:

I would like to attend the conference,

- Attached is a check for NIS 250 (After 1/09/2012) payable to "Technion".
 - I intend to register on the symposium day.
-
